Jack Pine Non-Alc Pale Ale: 0.5% alc/vol

This sunset orange non-alc pale ale is full of Pacific Northwest citrus hop flavour

Lunchbox Non-Alc Lagered Ale: 0.5% alc/vol

Our refreshing non-alc lagered ale is a light golden colour, with delicate fruity notes and gently hopped character.

The winner will be connected directly with the owner, Steve Abrams, for delivery.

Created in 2021 by Steve Abrams, Rob Doyle and Mike Cuch, Harmon's is on a mission to brew delicious non-alcoholic craft beer. Drawing on our 40+ combined years of industry experience, we've adapted and updated methods used by generations of small brewers to create an innovative way of making non-alcoholic beer. We believe the best way to make great beer is to work within existing brewing frameworks. That means no fancy equipment or special technology is used to remove the alcohol after fermentation. We just rely on clever recipe design and close attention to detail. P.S. We're often asked where our name comes from. Well, we named it "Harmon's" in honour of Steve's late mother, Lois Harmon Abrams.
