About Lockside Trading Company:

The family business Lockside Trading Company was created in 1987 by Susan Mattucci and her partner Brian Holmes in the heart of the Kawarthas cottage country, Young's Point, ON. The full-service retail store operates year-round offering a constantly changing environment and experience attracting more than 100,000 visitors a year. We offer a one-of-a-kind shopping experience, with a mix of home décor helping create living spaces in which to sit back, relax, and entertain throughout the year. Selections are constantly changing throughout the seasons, offering a multitude of choices from indoor and outdoor furniture, lighting, giftware, bedding, clothing and so much more. Now with three shopping locations to serve from: one in Young's Point offering over 7,000 square feet of shopping, the second location in downtown Haliburton with over 5,000 square feet, and the third – our online store offering e-commerce for consumer convenience, enabling Lockside to serve customers from anywhere.
