

Free Check-In, Check-Out Program

Check-In, Check-out (CICO) is an educational platform with a QR code-enabled, free WebApp that guides boaters through self-inspection for aquatic invasive species via cleaning, draining, and drying watercraft and trailers.

What is required?

Place the CICO QR code in a highly visible location at your boat accesses. Users can access the program by scanning the QR code on their mobile phones.

How to start your CICO program:

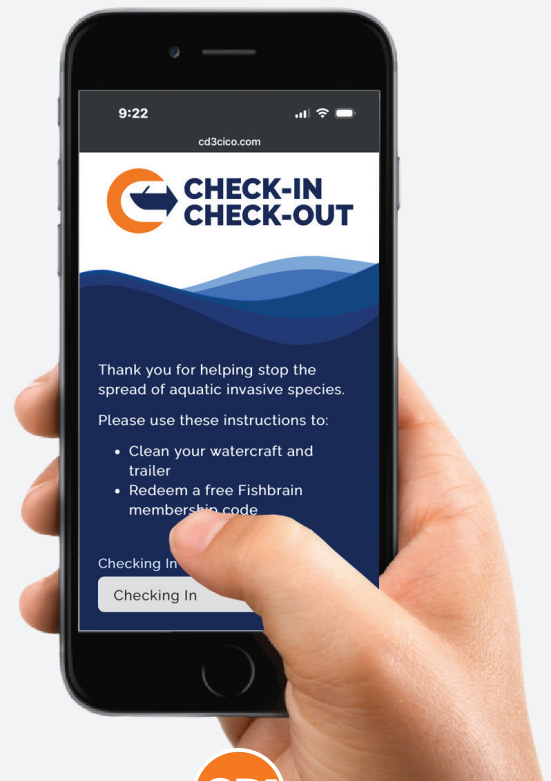

- Use the free QR code attached and print it on decals.
- Develop a custom sign using the QR provided.
- Buy a 12"x18" Clean Drain Dry Sign with the QR code - 5 signs minimum. ([BUY HERE](#))
- All of the above and place at accesses!

Why would people use the CICO?

In partnership with Fishbrain, we provide a one-month free membership incentive for completing Check-In Check-Out.

Want a custom CICO?
