2024 FALL SEMINAR

“HEALTHY SHORELINES”

What makes a healthy shoreline, and what puts shoreline health at risk? Join FOCA for a digital seminar about shoreline health with expert speakers on water quality monitoring, identifying aquatic plants, septic system re-inspections, and wild waterfronts: creating greener shores. Also, get an update on FOCA's Strategic Plan from the new CEO.

BY WEBINAR

SAT 9 NOV 2024

9.00AM - 12.00PM
